## All Countries and their Authorized Agents

### Definition of Services

**Distributor—Full-Service Distributors** maintain an extensive inventory of Woodward controls and spare parts, and provide engineering, upgrade, applications, installation, retrofit, systems integration, parts, service, repair, and field services to customers throughout their designated territories.

**AISF—Authorized Independent Service Facilities** provide service and repairs within a (usually non-exclusive) territory. May also sell new controls as approved by their area Distributor.

**RER/RTR—Recognized Engine Retrofitters / Recognized Turbine Retrofitters** specialize in upgrades and retrofits of engine or turbine control systems using Woodward's innovative control, actuation, and valve technologies.

**EPS—Full-Service Distributor for Electrical Power Systems.**

**ASA—Authorized Sales Agent** (also called Authorized Independent Sales Agent or Independent Sales Agent)

**ASI—Authorized Systems Integrators** are independent organizations approved by Woodward, which incorporate products as part of a complete solution for energy control technologies, and which will provide service and training as needed.

**ATC—Authorized Training Center**
