Definition of Services

Distributor, Full-Service—**Full-Service Distributors** maintain an extensive inventory of Woodward controls and spare parts, and provide engineering, upgrade, applications, installation, retrofit, systems integration, parts, service, repair, and field services to customers throughout their designated territories. **Full-service Distributors are highlighted in bold.**

Distributor, Specialized—**Specialized Distributors** focus on specific products or applications (engine solenoids, APECS, etc). The specialized focus is listed below.

AISF—**Authorized Independent Service Facilities** provide service and repairs within a (usually non-exclusive) territory. May also sell new controls as approved by their area Distributor.

ASA—**Authorized Sales Agent** (also called *Authorized Independent Sales Agent* or *Independent Sales Agent* or *Sales Representative*)

ASI—**Authorized Systems Integrators** are independent organizations approved by Woodward, which incorporate products as part of a complete solution for energy control technologies, and which will provide service and training as needed.

ATC—**Authorized Training Centers** offer approved training on Woodward products.

CSF—**Certified Service Facility** for repair of governors and actuators on Wärtsilä engines.

RER / RTR—**Recognized Engine Retrofitters / Recognized Turbine Retrofitters** specialize in upgrades and retrofits of engine or turbine control systems using Woodward's innovative control, actuation, and valve technologies.
