

Non-ROHS F-Series

Product Change

Due to the availability of ROHS equivalent part numbers (PNs) for F-Series and the regulatory requirements in various end markets, Woodward has decided to stop the production of non-ROHS F-Series PNs. The ROHS F-Series (23-PIN) is active in its product life cycle for spares and new designs. Since ROHS 23-PIN F-Series is a drop-in replacement for non-ROHS 23-Pin F-Series, Woodward will not be offering any last time buys for the non-ROHS.

Replacement Options

See the table below showing the ROHS equivalent part number (PN) for the non-ROHS PNs.

Customer Action

Prior to September 30, 2023, contact your local Woodward Representative to discuss a transition plan to ROHS equivalent.

Note – Component obsolescence from electronic manufacturers can present a challenge to post-life support plans. Woodward strives to hold inventory or look for alternative parts when the components we use are no longer available. However, there are times when components simply cannot be obtained and where sufficient last-time buys cannot be made. Unfortunately, in these cases Woodward cannot guarantee the rationalization support plan.
