

Transition From Glo-Tech I to II

Product Change

Glo-Tech is an important product line to Woodward. Woodward has launched the Glo-Tech II as the successor of Glo-Tech I in 2017. Due to the availability of Glo-Tech II, Woodward has decided to cease production of Glo-Tech I. The Glo-Tech I was used on wastegate and bypass valves, and they will all need to transfer from generation I to II.

Product Support Schedule

Last Time Buy Date March 1, 2025

- Limited sales in line with forecast
- Not recommended for new designs

Last Time Buy shipment will be done by December 1, 2025.

- Limited sales of accepted orders by LTB date
- Replacement product. For upgrades, contact your Woodward account manager.

Product inactivation will commence March 1, 2026

- Replacement product. For upgrades, contact your Woodward account manager.

Woodward will continue to fully support the product while under its original factory warranty.

Affected Units

The list of all active impacted PNs.

PN	Extended Description	Last Time Buy Eligible
8235-518	Rev. B; Replaced by 8255-022	Yes, updated price
8235-524	Rev. 8; No defined replacement. Derivative project required.	No

Customer Action

Prior to March 1, 2025, contact your local Woodward representative for Last Time Buy opportunities OR to discuss available upgrade/mitigation products. Beginning March 1, 2025, the generation I Glo-Tech valves will no longer be available for purchase from Woodward, Inc.

The customer **must** review and adapt/increase the available torque for the generation II wastegate and bypass valves.
