

SPM-A Synchronizer 9905-003

Product Change

SPM-A Synchronizer part number 9905-003 will be obsoleted due to lack of available components.

Product Support Schedule

To help support the installed base, Woodward is offering the last two 9905-003 units on a first-come first-served basis. After they are sold, this part number will be inactivated in Woodward ERP system. Woodward will continue to fully support the product while under its original factory warranty to the extent that replacement components are available.

Part Number Impacted

Item No	Extended Description	Frequency	Phase Angle	Voltage Matching
9905-003	SYNCHRONIZER - SPM-A	50/60 Hz	$\pm 10^\circ$	5%

Replacement Product

There are no drop-in replacements. However, Woodward will continue to produce two alternate SPM-A Synchronizers. Please contact Woodward or your SPM-A Synchronizer supplier to discuss these items as a replacement for your existing 9905-003 SPM-A Synchronizer.

Item No	Extended Description	Frequency	Phase Angle	Voltage Matching
9907-028	SPM-A STD NON-VOLTAGE MATCH	50/60 Hz	$\pm 10^\circ$	No
9907-029	SPM-A STD VOLTAGE MATCHING	50/60 Hz	$\pm 10^\circ$	1%

Customer Action

Contact your Woodward representative to place a Last Time Buy order. After these units are sold, there will be no further opportunities to place new orders.

Note – Component obsolescence from electronic manufacturers can present a challenge to post-life support plans. Woodward strives to hold inventory or look for alternative parts when the components we use are no longer available. However, there are times when components simply cannot be obtained and where sufficient Last Time Buys cannot be made. Unfortunately, in these cases Woodward cannot guarantee the rationalization support plan.
